PRESS RELEASE

Springettsbury Township Working to Improve Trash and Recycling Collection

York, PA –Springettsbury Township Board of Supervisors approved proposed trash and recycling programs that will help to improve services and increase recycling in the Township.

The RecycleBank Community Based Rewards Program will increase recycling rates, reduce disposal fees, and allow residents to potentially earn over \$200 worth of rewards annually! The process will begin in the coming months, as York Waste Disposal places a barcode sticker on one recycling bin at each residence within Springettsbury, while having their trucks retrofitted with a barcode reader. Once this process is complete, the rewards begin! Rewards points are based on the total recyclable materials disposed on a collection day, and then divided evenly among participants. Every time a resident places their recycling bin at the curb for pick up, they will be included in the rewards earned for Springettsbury Township on that particular collection day! Rewards points are redeemable at many local and national retailers, restaurants, grocers and more. York Waste Disposal will be mailing additional information regarding rewards points to all residents in the coming weeks.

York Waste Disposal will also begin a free cart program beginning July 1, 2010. This program will only affect Springettsbury Township residents that take advantage of the 3-32 gallon trash bag service and the 1-96 gallon toter service. York Waste will give all residents with the 3-32 gallon trash bag service the option to become a 96 gallon toter customer, with no rate change, thereby waiving the toter rental fee! All current 96 gallon toter customers will see a reduction beginning in their third quarter trash bills, effective July 1, 2010, lowered to \$45.45! This program will improve the safety and efficiency of trash collection in our neighborhoods. York Waste Disposal will be mailing additional information to all residents with regard to participation in this voluntary free cart program.
