

**Springettsbury Township
Recycling Committee**

MEETING MINUTES

May 10, 2011

ATTENDEES

Ron DiAngelo, Chairman; Charles Stuhre; Mary Ann and Tom Sheffer; and John Holman (Township Manager).

The meeting began with an agreement that a new contract must include all items currently available to residents in the present contract. We also discussed the possibility of adding new items to the mix of items now being recycled. To help in this regard a state DEP representative will be invited to the September meeting. The sizes and types of recycling containers we use or could adopt were discussed and will be considered in the future. At the September meeting, the present contract will be examined section by section to determine if changes need to be made.

Mr. Holman presented a report of the residents' involvement with RecycleBank. It showed the percentage of residents enrolled in the program, the average monthly weight trend and the points earned plus points spent.

The fact that the Recycling Committee could use additional members is an understatement. To address the problem, we will try various methods to attract new members in the future.

The next meeting will be September 13, 2011.

Respectfully submitted,

RONALD L. DIANGELO
