

Wastewater Treatment Department

Mission Statement

The Wastewater Treatment Department is committed to protect public health and the environment by developing, integrating, and implementing efficient and effective solutions to treatment and recycling of liquid and solid wastes while maintaining a positive relationship with the community.

Who We Serve:

Our 15 million gallon per day Wastewater Treatment Facility receives domestic and industrial sewage from the 9 different municipalities: Springettsbury Township, Dallastown Borough, Manchester Township, Red Lion Borough, Spring Garden Township, Windsor Township, Windsor Borough, Yoe Borough and York Township.

Who We Are:

Our staff consists of 20 full time employees. Our administrative department includes the Director of the Facility, the Superintendent of Technical Services, and the Administrative Assistant. Our Technical services include the Biosolids Handling Coordinator, 2 Laboratory Technicians, and the Pretreatment Technician. The facility has 3 Mechanics and a mechanics helper. There are 6 Operators that work Swing shift, 2 operators that work 2nd shift and 1 operator that works 1st shift.
