

**Springettsbury Township
Recycling Committee**

**MEETING MINUTES
January 14, 2014**

ATTENDEES

Ron DiAngelo, Chairman; Charles Stuhre; William Greenawalt; Penny Dellinger; and John Holman (Township Manager);

The committee met to discuss new recycling concerns that need to be addressed. The fact that Penn Waste has educational materials pertaining to recycling available for schools but of which the schools might not be aware of was addressed first. It was decided that Mr. Holman's office will contact Penn Waste to see that the Township's schools are made aware of the availability of the materials.

The next concern was a discussion of what the committee would like to have included in the Township Newsletter's Recycling page. The committee suggested that sections can be taken with approval from Penn Waste's literature containing depictions of acceptable recyclable items. Having the visual representations of those items contained on the Recycling page will make it more clear to residents what they can put in their recycling bins. This will also generate more interest for residents in reading the Recycling page.

The date of March 11, 2014 at the new time of 6:00 p.m. has been set for the next meeting.

Respectfully submitted,

Penny Dellinger
